COOPS Driving School
C/O Erick Cooper
40W222 LaFox Rd. Ste. 0-2
Campton Hills, IL 60175

Erick,

Please let this letter serve as our endorsement and recommendation of COOPS Driving School. As you know, Insurance Program Managers Group (IPMG) and the Illinois Counties Risk Management Trust (ICRMT) has partnered with COOPS to provide Emergency Vehicle Operations Course (EVOC) training to law enforcement agencies across Illinois. Through your superior classroom and practical instruction, we have observed an increase in officer's knowledge and driving ability to operate their vehicles safely and effectively. This training is extremely paramount in reducing officer involved crashes, especially when operating vehicles that contain a multitude of emergency equipment.

The feedback we have received from officer's that have completed this training is extremely positive and we're happy to say we've been asked repeatedly to host additional trainings. IPMG and the ICRMT look forward to this continued partnership and training of law enforcement agencies across the State of Illinois. We want to thank you and your instructors for your professionalism, attention to detail, and expert instruction to the members we serve.

Best Regards,

Joshua Blackwell, Co-Director
Law Enforcement Practice
